

September 2020

Dear Parent / Carer

### **Year 6 Virtual Open Evening**

Due to the current situation, we have restricted access to the school site. Therefore, we will unfortunately be unable to hold an open evening for you as we would normally do in September. Instead, we are working on a virtual open evening which will allow you to hear from some of the staff in the school and get an insight on what you can expect should you choose to send your child here next year.

From Thursday 24<sup>th</sup> September there will be an area on the admissions section of the school's website: <http://www.tarporleyhigh.co.uk/Starting-Admissions> from where you will be able to see:

- A school prospectus
- Information about exam results
- A PowerPoint which gives some key information about the school which I will talk through. This also includes details about the application process and an introduction to the school by our Head Students.
- A video welcome from some of our students including a collection of short videos introducing each subject your child will study here at Tarporley
- Messages from Year 7 students and key staff about the transition process

Going forward, I hope that we will be able to welcome you and the students in to the school later in the academic year. It may be that we can also hold our Year 6 into Year 7 residential at the Conway Centre in the summer term but these are dependent on government guidance. Meanwhile, if you have further enquiries regarding the transition and admissions process, please contact Miss Blackhurst the school's Transition Lead at [cblackhurst@tarporleyhigh.co.uk](mailto:cblackhurst@tarporleyhigh.co.uk)

Kind regards

**JASON LOWE**  
Headteacher
