## Equality Objectives

Here at St Paul's, we are proud to be a church school with a distinctively Christian vision. We believe that with God's love, everyone can thrive and soar like eagles. Therefore, we actively promote equal opportunity and will not tolerate inequality or prejudice. All who come here will be treated equally and with respect. Our aim is to develop an ethos and environment in which all can thrive. Diversity and differences will be valued and respected by all and they will contribute to the richness of our school life and learning. In order to further support pupils, raise standards and ensure inclusive teaching, we have set the following objectives.

Objective 1: To promote the diversity of the world we live in opening children's eyes to the variety of expressions of faiths and views around them:

- Promote knowledge, respect and tolerance of other faiths and denominations through guest speakers and visits to places of worship such as a mosque, synagogue and Hindu Temple.

Objective 2: To ensure progress for all pupils and to ensure they receive a full and balanced curriculum.

- Children are offered a range of opportunities, such as taking part in sporting events, trips and visits and working with a range of businesses and experts.
- Interventions are timetabled so as to ensure pupils still access a broad and balanced curriculum.

Objective 3: To support mental health and well-being through staff development, curricular and extra-curricular opportunities.

- We are nurturing school and staff receive professional development training in a range of areas to support mental health needs.
- Children's mental health week is promoted and celebrated in school.

Objective 4: The strengths and achievements of all are recognised and celebrated.

- All children have the opportunity to share their achievements in class and whole school celebration assemblies weekly.
